Principal's Report

End of term

As we draw to the end of another busy term I would like to thank the students for all their hard work. I would also like to acknowledge all the staff for their commitment and dedication to providing a quality education every day for our students. It is obvious that every child at Tingha Public School is known, valued and cared for. To the parents and community I appreciate your efforts in continuing to support our fabulous school and your child's learning. As we work together we are growing students that are becoming stronger and smarter every day.

Jump Rope for Heart

This Wednesday students will participate in Jump Rope for Heart. This fun event will see the students rotate around a variety of skipping activities.

Egg and Bacon Roll Breakfast

To recognise all the students efforts this term we will be providing egg and bacon rolls for breakfast on Thursday.

25'ers

I look forward to recognising our attendance '25ers' at the end of the week. By regularly attending school and displaying the school's values for Positive Behaviours for Learning (Proud, Strong, Safe and Respectful) students gain educational success and contribute to our 'school culture of success'.

Online Safety

I am aware there are a number of students who access online games and social media accounts outside of school hours. Whilst I know these online platforms allow children to connect with each other, I am concerned that online interactions may be placing students in harmful situations. This can include; cyberbullying, offensive language and images, sharing of private information and connecting with strangers. It is essential that a child's online usage is regularly monitored to ensure they are not placed in unsafe situations. Children also need to be aware that they have a responsibility to engage in a respectful manner when online. The e-Safety Commissioner website has a range of resources to assist parents, carers and students to understand the risks of online activities as well as ways to report inappropriate content. The website can be accessed at <https://www.esafety.gov.au/>

This Friday our students will start their two weeks of school holidays. I do hope everyone takes care over this holiday period and I look forward to welcoming all students back on Monday 12th October.

Melinda Partridge
Principal

Transition to Kindergarten

Unfortunately, due to the current advice from the Department of Education, the start of our Kindergarten transition program has been delayed. Mrs Strickland however, will once again visit the pre-school this Thursday to get to know our future kindy students. If you are planning to enrol your child at Tingha Public for 2021, please contact the school and provide your details. Once we are advised we can proceed with the Kindergarten transition program we will contact you and provide further details.

Headlice

With the warmer weather fast approaching, we would like to take the opportunity to remind you that headlice will be more active. Please check your child/rens hair on a regular basis.

SPOTLIGHT ON

4/5/6

The students of Year 4/5/6 ended their science unit by exploring how cornflour slime changed form when pressure was applied. Fun was had by all.

The students have been busy creating artworks that will be eventually wrapped around the bin containers at the Tingha Sport & Recreation Grounds.
